MISCELLANEOUS FIELD FORM

Conditions of Acceptance

1. All samples submitted for analysis must be accompanied by a fully completed field form.
2. All samples must be taken to strict systematic sampling procedures to ensure that the sample submitted is representative. These systematic sampling procedures are available from bodies such as DEFRA, ADAS or ASA Ltd.
3. All samples submitted must conform to the criteria set out in conditions 1 and 2 above.
4. All testing undertaken by Anglian Soil Analysis Limited will be carried out in accordance with the Anglian Soil Analysis Limited testing protocol.
5. Whilst every precaution has been taken to ensure the accuracy of testing undertaken by Anglian Soil Analysis Limited no liability can be accepted for any loss or damage arising whether or not there has been any negligence in the sampling, the analysis or preparation of the test results.
6. All analyses and subsequent results undertaken by Anglian Soil Analysis Limited are given on the understanding that the sampler has read and abided by the conditions 1 and 2 above.
7. Responsibility for the interpretation of these results rests with the client. No liability (whether express or implied) is accepted on the part of Anglian Soil Analysis Limited.
8. I acknowledge that I have read the conditions of acceptance and testing protocol referred to above and agree to be bound by their terms.
